The following questions were submitted to ITS and are being presented as they were submitted, except to remove any reference to a specific vendor. This information should assist you in formulating your response.

Question 1: My question is about the E-Verify Program. If I am a one-man shop do I still have to provide documentation of the E-Verify Program requirements? See section 11.5

Response: Yes, also refer to Item 4.10 of the LOC.

Question 2: If the warranty is covered by Cisco and they have their standards what are you expecting from the vendor? See section 5

Response: MDOT realizes the awarded vendor is just a pass through provider of Cisco products . MDOT will deal directly with Cisco TAC for any issues with the covered equipment.

Question 3: If the MDOT is performing the install of the equipment and software for this procured equipment, is the manufacturer direct maintenance needed? If so do you want the SmartNet plan included?

Response: Yes. MDOT is requesting 3 years of Cisco SmartNet maintenance that is included as line items on the *Cost Information Form (Attachment A)*.

LOC responses are due Friday, April 12, 2019, at 3:00 p.m. (Central Time). If you have any questions concerning the information above or if we can be of further assistance, please contact Jamekia Hilliard at 601-432-8219 or via email at Jamekia.Hilliard@its.ms.gov.
